Updated 1st December 2015

FOREWORD

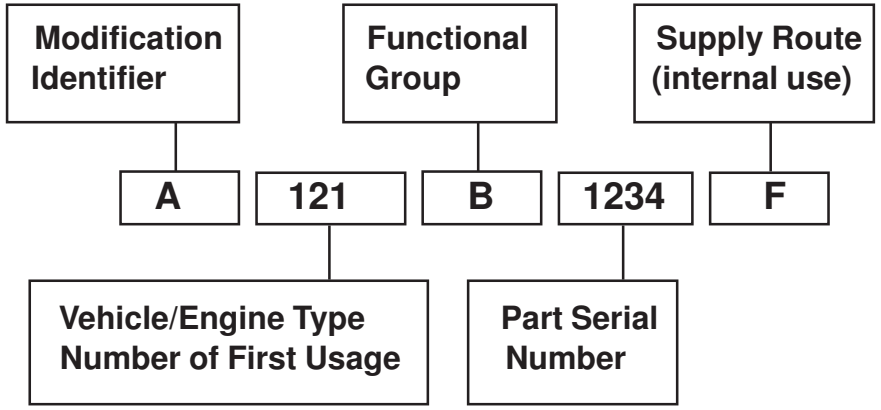
This publication has been designed for use by Lotus Dealers, and may be updated periodically by the issuing of update packages to the dealer network. Lotus policy is one of continuous product improvement and the right is reserved to alter specifications at any time without prior notice.
Whilst every care has been taken to ensure correctness of information, it is impossible to guarantee complete freedom from omissions and errors, or to accept liability arising from such errors or omissions, but nothing herein contained shall affect your statutory rights.

USE OF THE PARTS LIST

This parts list covers the Europa S range, 2006 model year onwards. The manual is arranged in function groups, as defined by the Contents page, and may sometimes use several versions of the same function group to accomodate model variations - take care to establish the full vehicle specification in order to properly identify the applicable parts list section.

PART NUMBERS

Part numbers used in this publication are in the format as follows:



Modification Identifier: This letter identifies a version or modification of the part. Part numbers with different prefix letters may or may not be interchangeable - refer to the remarks and option columns.

Vehicle/Engine Type Number: The type number indicates either the model or engine type on which the part was first used.

026, 036, 045, 500....Elan	079....Esprit S1/S2/S2.2	089....Excel	120....Elise111R	128....Exige S (s/c)	907....4 cyl. 2.0 NA
050....Elan+2	082....Esprit Turbo	100....Elan 1990	121....Elise USA	131....Elise S (1ZZ)	910....4 cyl. 2.2 turbo
046, 054, 065, 074....Europa	083....Elite S2	111....Elise	122....Exige 2		912....4 cyl. 2.2 NA
075....Elite S1	084....Eclat S2	340....340R	123....Exige USA		920....4 cyl. 2.0 turbo
076....Eclat S1	085....Esprit S3	117....Elise 2001 MY	124....Europa 2006		918....V8 3.5 turbo

Functional Group: A single letter indicating the functional area of the parts first use

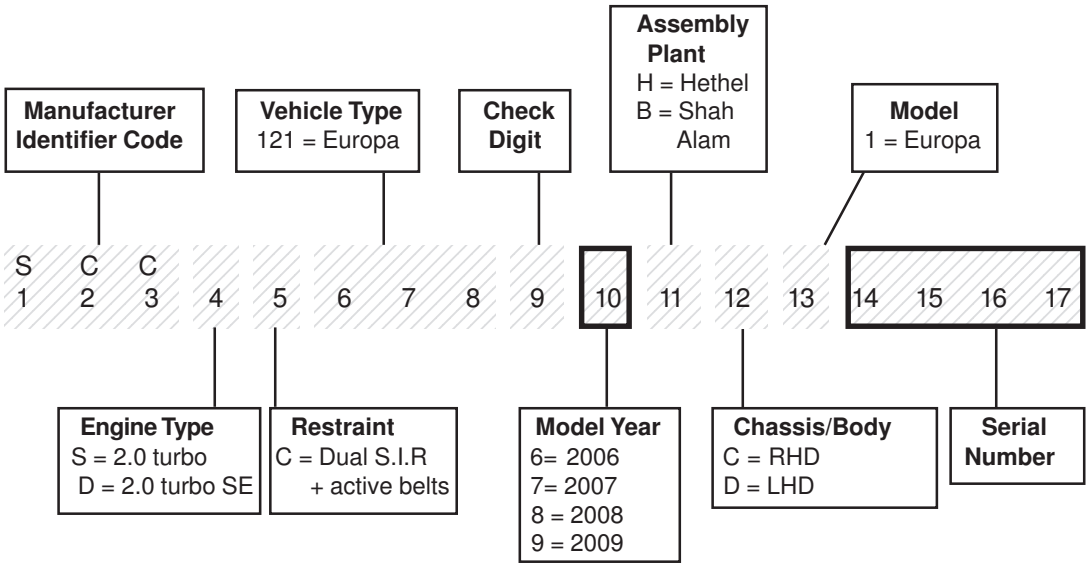
A = Chassis	E = Engine	J = Brakes	P = Heater & AC	U = Hard Trim
B = Body	F = Transmission	K = Cooling	Q = Clutch	V = Soft Trim
C = Front Suspension	G = Wheels & Tyres	L = Fuel System	R = Final Drive	W = Standard Fixings
D = Rear Suspension	H = Steering	M = Electrics	S = Exhaust	

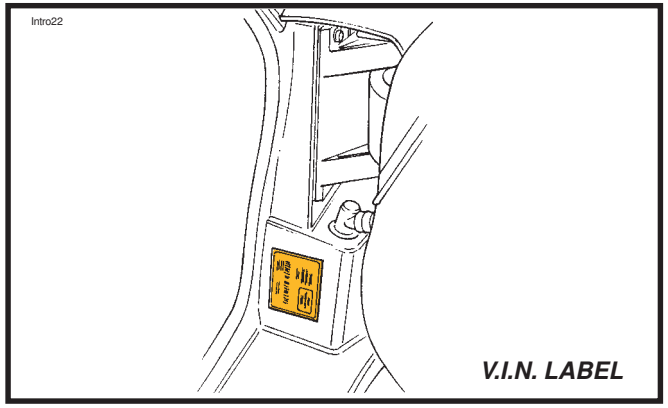
VEHICLE IDENTIFICATION NUMBER & ENGINE NUMBER

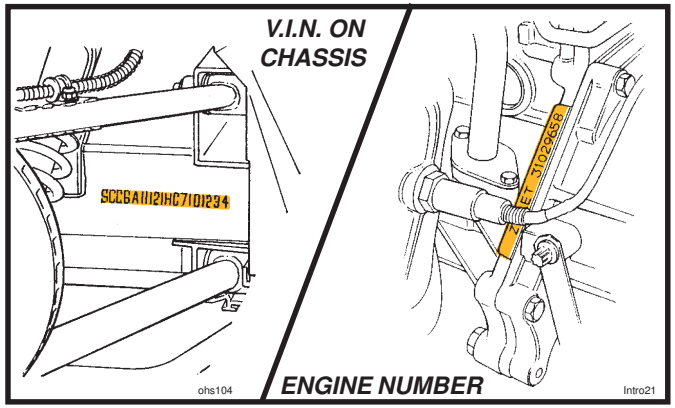
The Vehicle Identification Number (V.I.N.) is stamped on the chassis in the right hand front wheelarch area, viewable with the front wheels turned to full right lock, and is also printed on a label stuck to the driver's side door aperture, viewable with the door open. The engine number is stamped on the LH rear flange of the cylinder block, alongside the clutch housing jointface.

Both numbers should always be quoted with any vehicle enquiries, as Factory records are filed against V.I.N., and specification change points are identified by V.I.N. or engine number. The vehicle licence number should be considered irrelevant, since it may not accurately reflect the vehicle age, and may also be changed during the car's life.

The V.I.N. comprises 17 characters, coded in accordance with European Economic Community (EEC) directives. For change point identification in Service Notes and Service Parts Lists, characters 10 (model year) and 15 - 17, or 14 - 17 (serial number) will be quoted.







MODEL HISTORY MILESTONES

Europa introduction: March 2006

VIN character 10=6; Serial number from 2503.
Note: Europa serial number sequence is shared with the Elise based models.
Type 121 Europa identified by VIN character 6,7,8=121. Known as “Europa S”.

Luxury touring pack:

From March 2007 a Luxury Touring Pack introduced as a production optional extra which included:
Interior trims: Steering column shroud, dash top, instrument and ventilation binnacles and sill covers are covered in saddle tan leather, chocolate coloured leather and brown carpets, sports seats, passenger airbag cover finished in soft to the touch material, solid walnut and tulip gearknob. Boot area covered in brown carpet, saddle tan coloured leather trimmed inner tailgate, leather luggage straps and saddle tan leather oddment bag.
Exterior: Tinted tailgate and rear 3/4 glass, body coloured front driving lamp surrounds, side air-intake sur-rounds and roof air-outlet grill. Exterior grilles coloured silver.

2007 model year: July 2006

VIN character 10=7; Serial number from 0001 (shared with Elise based models).

2008 model year: October 2007

VIN character 10=8; Serial number from 0043 (shared with Elise based models).

Europa SE introduction: September 2008

Serial number from 2164.
Identified by VIN character 4=D. Differences to standard Europa S include; revised turbocharger, re-calibrated engine controller and colder grade spark plugs, result in a power increase to 225 PS and 300 Nm of torque. New 15-spoke road wheels with increased width both front and rear and larger diameter rear. Road spring ratings increased along with new damper mounting brackets and anti-roll bar changes. Larger single piece (308mm) front brake discs, 4-piston AP Racing callipers, Ferodo pads and re-calibration of the ABS system. Includes Luxury Touring pack.

2009 model year: October 2008

VIN character 10=9; Serial number from 0092 (shared with Elise based models).
Production ceased in August 2010 with approximately 467 vehicles produced, last VIN number recorded: 1085
